As an expression of our affection, and appreciation of
all her untiring efforts as our junior and senior sponsor,
we, the Class of 1941, dedicate this annual to
Miss Mary Frank Sears.

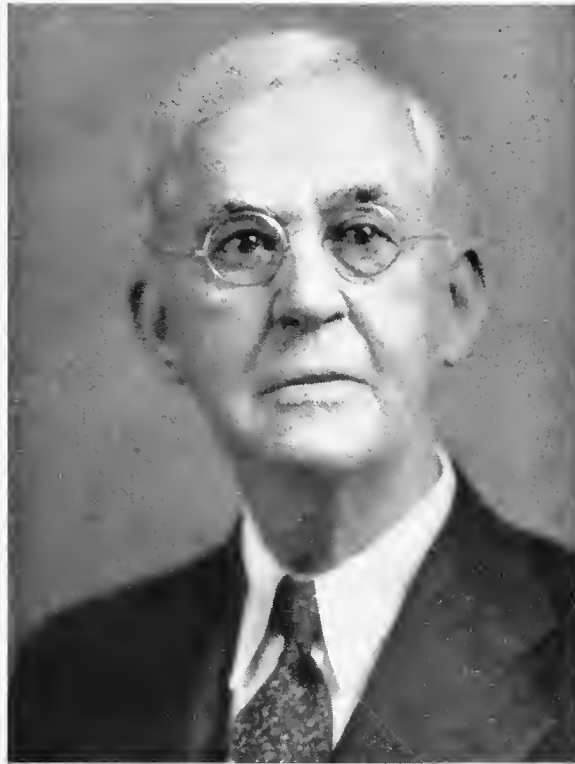

FOREWORD

We, the Staff of the 1941 Sailor's Log, in order to foster the spirit of patriotism in our school, to further the ideals and principles of democracy, to impress upon those going out the necessity of recognizing and accepting the responsibilities of the American way of life, do hereby offer the yearbook with a patriotic theme.

Although the South Florida Boxing championship was won by Arcadia the tournament was a success for the Sarasota Sailors. Jack Bispham, heavyweight, knocked out a Punta Gorda boy in two minutes of the first round and Joe Leatherman, light heavyweight, knocked out Houze of Palmetto. George Teeters, Ralph Healey and George Hilton put up good performances. All of the Sailors came out without a single injury.

The athletic association's new portable boxing ring did not arrive in time for the boys' work-out. A meet was scheduled for February 21 here with Plant City when the \$250 boxing ring was used for the first time. Plant City was the winner. Two events of local contestants followed after which the fights were discontinued because of other sports and lack of interest.

SFC CHAMPS

The Sarasota Sailors and Sailorettes played their way through opposition in Winter Haven to win the South Florida Conference championship trophies.

This is the first time in the history of the conference that girls have been allowed to participate in this sport in which the Sailorettes entered with championship determination.

1941 is the year to be well remembered in all of the hearts of the Sarasota sports fans.

For the first time in the history of the conference, the Sailors walked away with the baseball championship. The tournament was played in Bartow with the Sailors first playing and soundly defeating the Palmetto Tigers, 7 to 0. In the semifinals the Sailors defeated Arcadia 6 to 5 and in the same day they played the finals against Bradenton to whip them 6 to 4, winning the baseball championship for 1941.

The title for the district championship was thrown into confusion when the Hillsborough team defeated the Sailors in a return game, putting Sarasota in a tie with Hillsborough and Bradenton. In the play-off Hillsborough defeated Bradenton, then Sarasota defeated Hillsborough 9 to 3. This victory gave the Sailors a right to compete in the state tournament held in

Miami, May 8. However in this meet, Fort Worth defeated Sarasota 9 to 5.

In the regular season the Sailors won nine games and lost three.

Results of the season are as follows:

This season was about the worst that the Sailors have ever had. The girls won 3 and lost 7. Next years' team will deeply feel the loss of Yvonne Willis, high scorer, who has been captain for the past two years. She will be the only girl who will

graduate this year. Miss Emmelhainz sincerely believes that Sarasota High School will have a No. 1 basketball team next season since all the lettermen will be back again with another year's experience behind them.

The Sailorettes, under the supervision of Miss Mildred Emmelhainz and Miss Margery Chindahl, provided entertainment during the halves of the football games. Sarasota High School is well known for its pep squad and band. During the halves the girls went through intricate formations and tricky "light's out" routines that brought "Oh's" and "Ah's" from the thousands of fans. Yvonne Willis, head cheerleader, with the four other cheerleaders had good control over the enthusiastic crowds.

The Sarasota High School swimming teams swam through opposition in Fort Myers May the 9th, to come out with a good showing. There were eight lettermen from last year who helped to bring home high honors.

Sarasota Sailors, boys and girls, with a combined total of 42 points, won the SFC title for swimming in the annual meet held in Fort Myers, May 9.

Carol Clarke won the 50-yard dash and 100-yard free style for the girls and swam on both the relay teams. In the 50-yard backstroke for boys, Burnett Britton won first; while Bruce Johnstone won first place in 100-yard free style for boys. Emily Parker tied for second place in the 50-yard breast stroke; Jeanne Neely tied for second place in girls' diving.

The relay, four-girl teams, and the medley relay were both won by Sarasota girls; while the boys copped the medley relay and the boys' relay of 100 yards each.

Points: (boys) 19; (girls) 23.

"S" CLUB

The purpose of the "S" Club is to create higher standards of sportmanship, citizenship and scholarship in Sarasota High School, to raise money for the purchase of athletic awards for members and to create a sinking fund to help "S" Club members through college.

All boys who have won letters in athletic competition are candidates for membership. To become a member a candidate must receive a two-thirds vote of the club.

This year the club has had a very successful year and as in the past they have raised money by giving dances after games, selling concessions at games and the such.

They have bought an automatic turn-table for the gym, where they hold "S" Club dances. Sweaters have been awarded to the boys who have won letters in any of the eight sports offered at Sarasota High School.

STUDENT GOVERNMENT 1940-'41

Working for the betterment and general welfare of the school and the students, the senior student council has done outstanding work this year. Past records reveal that it has received the support of the student body, there being only two cases which had to be brought up and it was not found necessary to place a penalty upon these after they had pledged full support.

In order to raise funds to send the five delegates to the state convention a variety show was given, the net proceeds being thirty dollars. At this convention Jack Koach was put up for vice-president and was the loser in the run-off by a small margin.

Returning from the convention, Albert McFadyen and his cabinet, were able to put into operation several new ideas: the raising and lowering of the flag each day with the proper ceremony; obtaining a flag for each classroom, book shelves on which students might place their books when going to lunch or assembly. Projects under supervision during the year included: traffic in the halls; beautifying campus and providing for the keeping of the lawns clean; taking care of study hall in the morning; sponsoring a student-faculty ball game; planning of assembly programs; instituting school spirit week; organizing an officers' club; welcoming and receiving visitors and new students; supervision of student elections; all of which has been done with excellent results. As this goes to press, the council announces their sponsorship of the Rubinoff concert for May 9.

Top: Tom Pierce, U. G. Matherly, Winder Surrency, Charles Kickliter, Jack Mott, treasurer; Frank Logan.

The main work of the Key Club has been that of assisting the student council and other groups in all school projects; hearing speakers on careers and vocations, building up a desire for better citizenship in the school and attendance at the regular Kiwanis weekly luncheons.

Ten members, and their sponsor, attended the State Convention in West Palm Beach.

The Officers' Club under the supervision of Student Council and their sponsor, Miss Wilma Watson, was formed because of the need of such an organization in solving problems, creating a more cooperative feeling among various clubs and securing support for school projects.

The presiding officer is the president of the student body; each club president is a member and each club sends one representative. Other officers are elected by the club.

Although the youngest club in the school, this group has already under-

taken worthy projects. The first was to arrange times of meeting for various clubs in order that there might be fewer conflicts. The idea of a student activity card is being sold to the student body with the hope of its adoption. Members visit homerooms, explaining the purpose and aims of different organizations, thereby creating goodwill and an incentive to greater participation. The greatest aim of this club is to increase school spirit and support for all activities so that the student body may present a more united front on any work or problems that may arise.

This marks the end of a very successful year, with new ideas initiated and attendance above the average.

The Association sponsored a picture show and "American Passport," a dramatic production. The project for the new year will be the building of a sidewalk from the school building to the gymnasium. "Back to School Night" was observed and greatly enjoyed. This is one of the most popular features of the year. A Parent-Teacher reception was held in October with 107 present. December was Character Building month and Dr. Claude Ammerman spoke on character. In January a youth forum was held under the direction of Representative William Perry. This created so much interest that a parent forum was held in March by popular request. In February a joint meeting brought together all associations of the City and the County with the County Council to observe Founder's Day. April was health month and a very interesting and beneficial program was given, followed by the election of officers.

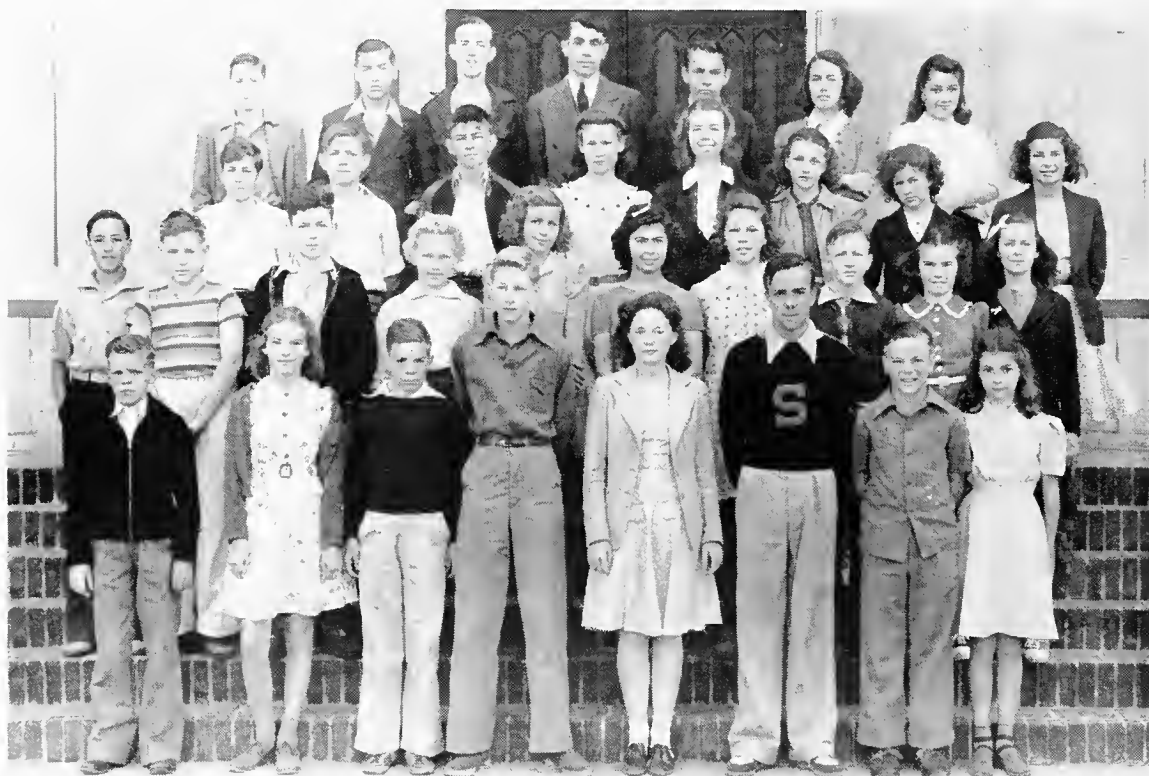

In May the annual fashion show by the Home Economics Department was the center of interest and after this the newly elected officers were installed.

The organization wishes to express thanks to Mrs. J. F. Bispham for her devotionals and to Mrs. B. L. Henry for the musical numbers.

The goal, "Combined Efforts for the Betterment of the Child," and the theme, "The Family in a Democracy," has in a measure been attained and carried out with democracy stressed throughout the year.

The junior honor society this year published the first junior high paper, a mimeographed monthly, making all expenses, paying for this cut in the annual, giving a nice check to the Salvation Army Christmas, and paying part of the expenses of three delegates to the state convention. Meetings are held monthly for social purposes, weekly for business matters. Each member tries to do something outstanding. Delegates to the state convention were Robert Gordon, Maxine Kickliter, and David Robinson.

C. F. FOREMAN**E. E. CADWELL**

To these two men, the student body owes a deep appreciation for their excellent care of the building, one of the most beautiful in the state, and one of the cleanest. Our thanks go to our janitors and caretakers.

A black and white photograph of a hand holding a two-prong electrical plug. The hand is positioned in the lower center, with the plug pointing towards the upper right. The background is a collage of various items: a book titled 'NOT LEARNED IN BOOKS!' is at the top; below it, a book titled 'OUR LINGUISTIC DUALISM' is visible; to the left, a book titled 'OF MEN' is partially seen; and at the bottom left, a book by 'CHARLES SCI' is visible. The collage also includes various papers and documents, some with text and some with illustrations. The overall composition suggests a contrast between traditional learning (books) and modern, practical knowledge (electricity).

Not Learned In Books!

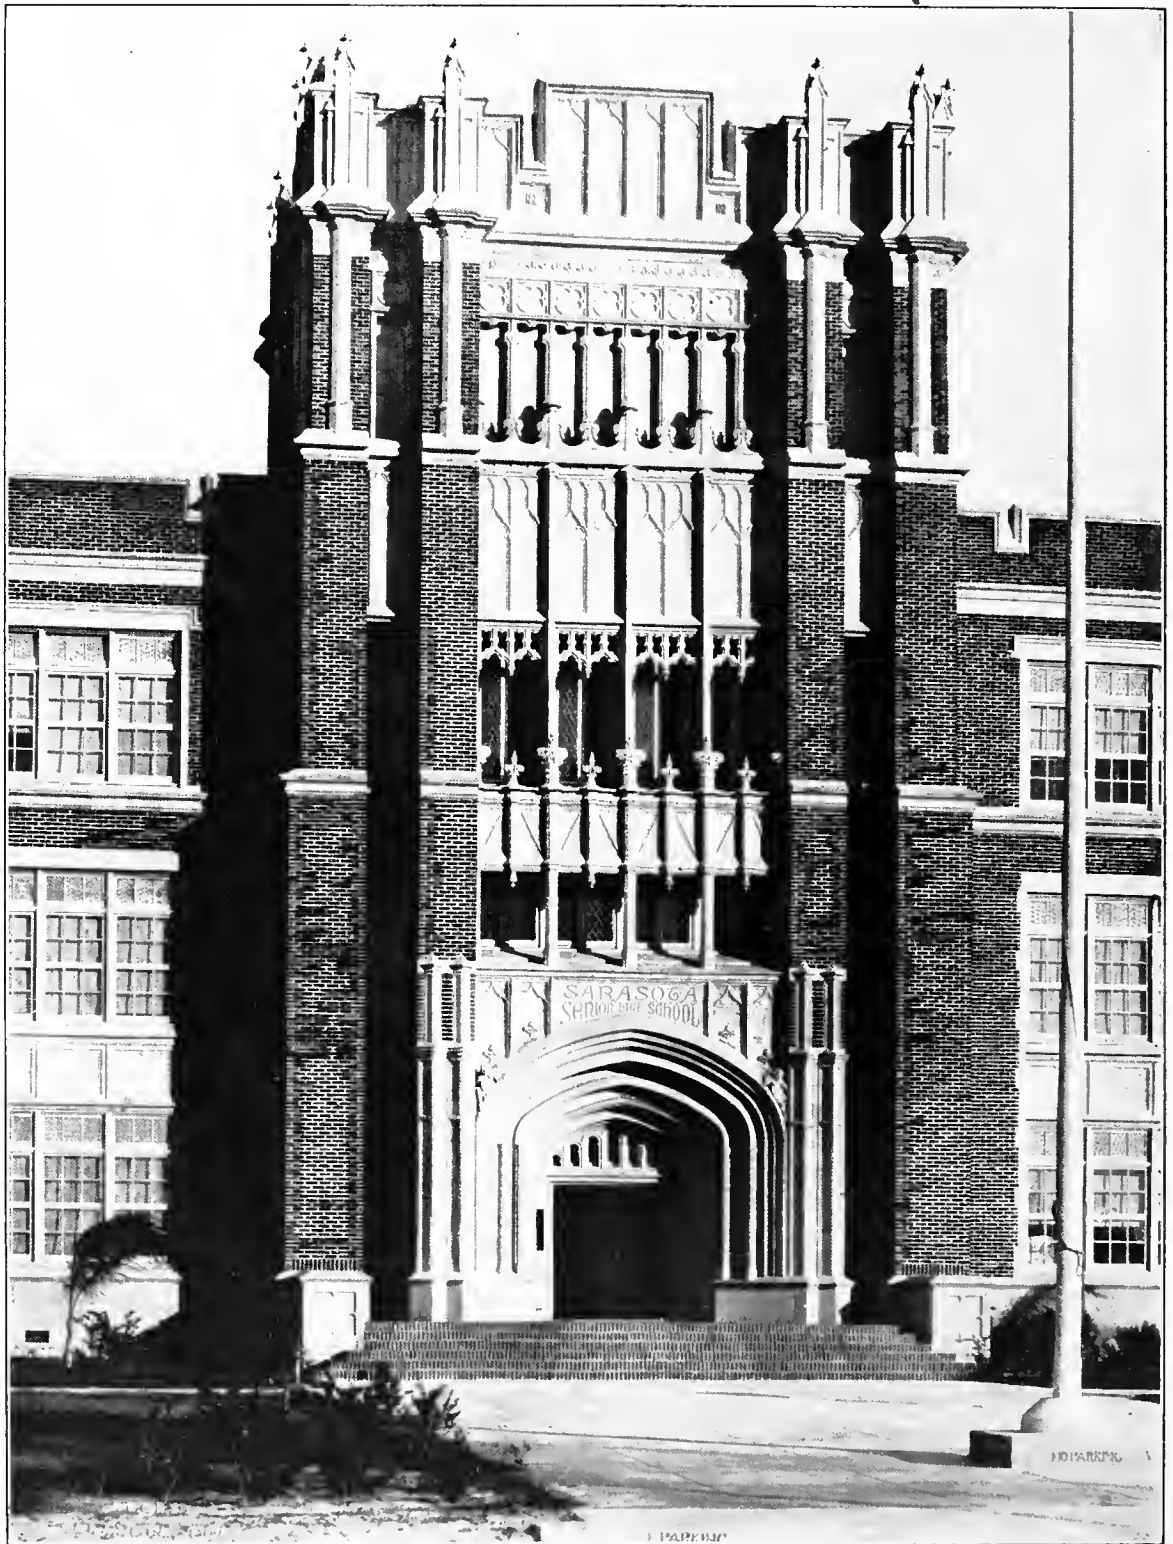

Some things are not learned in books and some things are not registered by the electric meter.

We think it's important to supply your home with the right electric current for residential use but it's equally important to serve you promptly, dependably, courteously—with what we call "Sunshine Service". We want to please you when we serve you.

ELECTRICITY IS CHEAP!

SUNSHINE SERVICE
*is the cheerful work of
skilled men and women,
eager to serve you.*
